

# Cupid

Ryan Beatty

Pitch black  
I'm on the opposite side of the fence  
Sneaking out for a kiss, yeah  
Just to tell you I like you  
There ain't nobody like you

Who you gonna dance with?  
Who you gonna dance with?  
Who you gonna dance with?

He's the only one on my mind  
He's the only one I call when I'm feeling reckless  
Tell me that you're mine  
Open up your heart for a minute  
Let me see the things you got hiding in it

Cupid got us fucked up  
Drawing hearts on my skin  
Throwing issues in there  
Ain't it nice out here  
on the baseball field  
when we're alone?  
Press your lips against my neck  
With me you don't pretend that you're with your girlfriend  
She's nice but she's not me  
She's nice but hates me  
Date me, I'm just playing  
Didn't mean to say that  
Sometimes kids say the dumbest things  
But if you're down, so am I  
I can't lie

Who you gonna dance with?  
Who you gonna dance with?  
Who you gonna dance with?

He's the only one on my mind  
He's the only one I call when I'm feeling reckless  
Tell me that you're mine  
Open up your heart for a minute  
Let me see the things you got hiding in it

What do you want from me?  
What do you want from me?  
I'll give it to you, you just gotta ask, yeah  
What do you want from me?  
What do you want from me?  
I'll give it to you, you just gotta ask

And when we get older  
And y'all break up someday  
And this is not a secret  
Maybe then you'll say you love me back  
But until then I'll be dreaming about that
