

Darlin

Ryan Bingham

Darlin'
Hold it inside
Never let your fire die
'Cause I don't wanna lose my way
Here I can no longer stay
Without you

Darlin'
Let's dance on top of the wire
I'll try to keep myself in line
And feel everything that you know
And keep my troubles offa your toes
So dance with me

It all comes down with the rain
In the mornin', darlin'
There's no one here left to blame
Anymore
It all comes down with the rain
In the mornin', darlin'
There's no one here left to blame

So dance with me...

Darlin'
Hold me tonight
Never let your fire die
'Cause I don't wanna lose my way
And here I can no longer stay
Without you

It all comes down with the rain
In the mornin', darlin'
There's no one here left to blame
Anymore
It all comes down with the rain
In the mornin', darlin'
There's no one here left to blame
Anymore
So dance with me
