

Stones

Ryan Bingham

Dear grave
Rest my weary head
Rest my weary head upon your stone
Scribe this given name
Scribe this given name
Among the lives we've lost
Whisper me a prayer

Dear grave
Lay this mothers hands
Lay this mothers hands across her breath
Let me hear you say
Before she walks away
Your gonna ring the bells
Whisper me a prayer

We lost our way out there
Have mercy on us now
Where do we go from here

Dear grace
Dear grace
Dear grace
Dear grace
Rest my weary head
Rest my weary head upon your stone
Take this pain away
Before I hear you say
It's over for now

We lost our way out there
Have mercy on us now
Where do we go, dear grace
Dear grace

Rest my weary head
Upon your ring I bare
Rest my weary head
Oh, let me hear ya say
Let me hear you say
Let me hear you say
It's over for now
It's over for now
It's over for now
