If you just have faith
To let me be the man that I am
I'll always run back
To show you what words never can

I don't want to be the one just to love then lose

Let 'em fall baby fall

Just like the rain washes it all

If the tears will help you to heal

All that is real

All that is wrong

Let 'em fall baby fall

If you'll trust that I'm gonna stay true even when I'm gone You don't have to worry 'cause I'll always be the man that you want

And I don't want to be the one just to love then lose

Let 'em fall baby fall
Just like the rain washes it all
If the tears will help you to heal
All that is real
All that is wrong

As your world spins around Feet never touch the ground Always hurting inside Hiding behind the sun waiting still for the love but it all seems so right

## Fall

Just like the rain washes it all
If the tears will help you to heal
All that is real
All that is wrong
Let 'em fall baby fall

Just like the rain washes it all
If the tears will help you to heal
All that is real
All that is wrong
Let 'em fall baby fall
