

# Please Don't Lie

Ryan Cabrera

You're lost on  
An island  
Shipwrecked off the coast

I'm tryin'  
To reach you  
I can't get close

And all I ever wanted  
Was something beautiful

Please don't lie to me  
It's all I ask of you  
Please don't lie to me  
Hurt me with the truth

Whatever you say  
Couldn't take me away  
I'm right by your side

Please don't lie

You're perfect  
Too perfect  
The painting  
Never cracks

So show me  
The canvas  
Behind the mask

So tell me  
What you're thinkin'  
I know that there's more to say

Please don't lie to me  
It's all I ask of you  
Please don't lie to me  
Hurt me with the truth

Show me you're there  
Show me you're there  
I'm on the outside  
I know you're scared

Please don't lie to me  
It's all I ask of you  
Please don't lie to me  
Hurt me with the truth
