

## Love To The Limit

S Club 8

Boy it's Friday night  
I'm looking for a place  
To go that's right  
Got one thing on my mind  
I'm heading where the music  
Flows let's ride...

And out on the street  
You can feel the heat  
A good things comin on  
Just you & me gonna celebrate  
A groove sensation

Gonna take this Love to the Limit  
So baby don't you stop  
Let's move it all night long  
Gonna dance to the rhythm  
The feeling is so right

Tonight can't get enough

So turn the music up  
Just let your body go  
Let's roll tonight  
Cos right here's where we belong  
We're jamming in the key of life  
So tight

And out on the floor  
You can feel the beat  
A good things coming on  
Just you & me  
Gonna celebrate  
A groove Sensation

Boy don't you know  
You got the best of me  
Aint never gonna let you go  
& I can't wait gonna celebrate tonight...
