

Better Off Alone

S3RL

Talk to me, ooooh, talk to me
Talk to me, ooooh, talk to me

Oh, when you are lost, I will come find you
And when you're alone, I'll come sit by you
Together we're strong, 'cause our love is true
Are you really better off alone?

Do you think you're better off alone?
Do you think you're better off alone?
Do you think you're better off alone?
Do you think you're better off alone?

Oh, when you are lost, I will come find you
And when you're alone, I'll come sit by you
Together we're strong, 'cause our love is true
Are you really better off alone?

Talk to me, ooooh, talk to me
Talk to me, ooooh, talk to me

Do you think you're better off alone?
Do you think you're better off alone?
Do you think you're better off alone?
Do you think you're better off alone?
Oh, when you are lost, I will come find you
And when you're alone, I'll come sit by you
Together we're strong, 'cause our love is true
Are you really better off alone?

Oh, when you are lost, I will come find you
And when you're alone, I'll come sit by you
Together we're strong, 'cause our love is true
Are you really better off alone?

Do you think you're better off alone?
Do you think you're better off alone?
Do you think you're better off alone?
Do you think you're better off alone?

Talk to me, ooooh, talk to me
Talk to me, ooooh, talk to me
