

Just relax

When people ask me what music I like more
That's when I tell them I like Happy Hardcore
And they say: 'Yeah, but I mean when you chill out'
I say: 'Happy Hardcore and that's without a doubt'

I like to chill to Happy Hardcore
Chi-i-i-ill to Happy Hardcore
I like to chill to Happy Hardcore

Just relax

When people ask me what music I like more
That's when I tell them I like Happy Hardcore
And they say: 'Yeah, but I mean when you chill out'
I say: 'Happy Hardcore and that's without a doubt'
