

Sky Rocket

S3RL

Sky rocket, rocket away
Through the sky, I watch you soar
And if you fly too close to the sun
I'll be there to break your fall

I see you rising high
Ever faster through the sky
Soon you'll touch the stars
You'll have gone so far
If by chance you go too high
Trust in me, I promise
I'll be there to break your fall
To break your fall

Sky rocket, rocket away (rocket away)
Through the sky, I watch you soar (I watch you soar)
