

Run and Hide

Sabrina Carpenter

I don't wanna buy what they're sellin' these days.
Sayin' feelin' and fallin' is all a mistake. No, no.
And why does everybody look at young hearts feelin' of
like it's just a matter of time before they break. No, no.

They started sayin' when you can't hide, run
When you can't run, hide.
Started thinkin' love's a loaded gun.
Nobody wants to fight.

And when did we all start thinkin' that wolrd,
stop spinnin' and kiss goodnight.
And when did our heartbeat beatin' too fast
start meanin' it was worth the while.

I wanna, I wanna be loved.
I wanna, I wanna be loved.
I wanna, I wanna be loved.
And I don't wanna run,
I don't wanna hide.

Traitors have eyes, delight a scream
traded out holdin' is the holdin' back everything. No, no. No, no.
And worlds got shorter and quiet got longer
and all of a sudden love started looking like a memory. No, no, no.

They started sayin' if you can't hide, run
If you can't run, hide.
Started thinkin' love's a loaded gun.
Nobody wants to fight.

And when did we all start thinkin' that wolrd,
stop spinnin' and kiss goodnight.
And when did our heartbeat beatin' too fast
start meanin' it was worth the while.

I wanna, I wanna be loved.
I wanna, I wanna be loved.
I wanna, I wanna be loved.
And I don't wanna run,
I don't wanna hide.

They started sayin' when you can't hide, run
When you can't run, hide.
I'll never gonna be a loaded gun
or losin' fight.

And when did we all start thinkin' that wolrd,
stop spinnin' and kiss goodnight.
And when did our heartbeat beatin' too fast
start meanin' it was worth the while.

But I wanna, I wanna be loved.
I wanna, I wanna be loved.
I wanna, I wanna be loved.
And I don't wanna run,
I don't wanna hide.

And I don't wanna run,
I don't wanna hide.
And I don't wanna run,
I don't wanna hide.
