

# As Long As You're Asleep

Sabrina Claudio

You took the concept of time  
Erased it from me  
I don't do things in order no more  
Havin' night coffee in breakfast  
No one be reckless, uh  
But I just don't feel no more

'Cause when it hits morning  
Don't know what you doin'  
Like, if you met somebody afterward  
And me and my feelings were hurt  
So even if (Even if)  
You lay with her (Lay with her)  
As long as you're asleep  
She's not gettin' what you gave to me  
I live life (I live life)  
When it's midnight (When it's midnight)  
'Cause as long as you're asleep  
I'm not worryin' 'bout what you doin'

There's comfort in knowin'  
You're not makin' decisions  
You're not thinkin' 'bout no one  
Not even in this moment in time  
Comfort of feelin'  
I'm not missing out on nothin'  
'Cause you somewhere unconscious  
And it's helpin' my conscious

'Cause when it hits morning  
Don't know what you doin'  
Did you take that vacation  
You said you needed?  
That's all I think about  
'Cause even if (Even if)  
You lay with her (You lay with her)  
As long as you're asleep  
She's not gettin' what you gave to me  
I live life (I live life)  
When it's midnight (When it's midnight)  
'Cause as long as you're asleep  
I'm not worryin' 'bout what you doin'
