

# Everlasting Love

Sabrina Claudio

You became mine  
In the strangest time  
On my life  
Cause Baby I  
I wasn't right  
I was losing the fight  
And my mind

When I stand in the way of what we could become  
Know this is the way to everlasting love

I, I'll do what I say  
No matter what demons I face  
I won't listen ah-ah-ah-ah  
Cause you, you keep me sane  
Out of this lonely frame of a mind

When I stand in the way of what we could become  
Know this is the way to everlasting love  
When I stand in the way of what we could become  
Know this is the way to everlasting love

I hope it don't take us to long now  
But I'd try for a thousand years if that's what it takes to get  
somewhere on  
I hope it don't take us us to long now  
But I'd risk forever to make it right  
And to fill our desires to hold on

When I stand in the way of what we could become  
Know this is the way to everlasting love  
When I stand in the way of what we could become  
Know this is the way to everlasting love
