

Naked

Sabrina Claudio

My pride fell down my body like my silk dress
This is me naked, oh

All of me is all for you
Uncover all of my truths
Undress my fears, leave me nude
All of me is all for you
For you

In my mind, unraveled
Lay the lace of my corset, this is me naked
And I'm open to opening myself to you fully
My full body, oh

All of me is all for you
Uncover all of my truths
Undress my fears, leave me nude
All of me is all for you
Oh, oh, oh, oh, oh (For you)
Oh, oh, oh, oh

Strip me to my fingertips
I will tell you all of it
