Sabrina Claudio

I haven't felt this type of thing in a while  
I thought I lost myself in love until I found you

I can't predict my fate but I can't be his no more  
Ooh, two years enough, few days but my week with you means more  
, ooh

I'm quickly fallin' and it feels natural  
I'm quickly fallin' and it feels natural

I haven't felt these butterflies in since I don't even know  
Nobody really knows my name 'cause all you call me is beautiful

I can't predict my fate but I can't be his no more  
Ooh, two years enough, few days but my week with you means more  
, ooh

I'm quickly fallin' and it feels natural  
I'm quickly fallin' and it feels natural
