

Numb

Sabrina Claudio

My body and mind finally went numb
Body and mind finally went numb
Body and mind finally went numb
And I'm finally done, all I feel is..
My body and mind finally went numb
Body and mind finally went numb
Body and mind finally went numb
And I'm finally done, all I feel is numb
All I feel is numb

I'm tired of feeling used
And all you put me through

My body and mind finally went numb (my body)
Body and mind finally went numb (my body)
Body and mind finally went numb
And I'm finally done, all I feel is..
My body and mind finally went numb
Body and mind finally went numb
Body and mind finally went numb
And I'm finally done, all I feel is numb (numb, numb)
All I feel is numb (numb, numb)

I lost them senses for you
Indifferent and cool

My body and mind finally went numb (my body)
Body and mind finally went numb (my body)
Body and mind finally went numb
And I'm finally done, all I feel is..
My body and mind finally went numb
Body and mind finally went numb
Body and mind finally went numb
And I'm finally done, all I feel is numb (numb, numb)
All I feel is numb (numb, numb)

Numb, ooh
All I feel, all I feel
All I feel is numb
