

# Runnin' Thru Lovers

Sabrina Claudio

I wanted you to find me  
When the night started to fill the room  
But you don't understand me  
And neither does the moon

(Can't go on)  
(Can't go on)

We're all, runnin' thru lovers yea  
From one to the other  
But I can't control how much a touch affects me  
Cause I can't recover  
From every new lover  
While people move on so fast don't understand

How you love someone today but not tomorrow  
How you pull somebody close and turn away

I can't go on  
(I can't go on)  
Runnin' thru lovers  
I, I can't go on  
(I can't go on)  
Runnin' thru, runnin' thru  
I, I can't go on  
(I can't go on)  
Runnin' thru lovers  
I, I can't go on  
(I can't go on)

I know, we're all under covers  
Searching for comfort  
Hoping to find that one that's understanding  
I can't help but wonder  
How love is uncovered  
When people move on so fast don't understand

How you love someone today but not tomorrow  
How you pull somebody close and turn away

I, can't go on  
(I can't go on)  
Runnin' thru lovers  
I, I can't go on  
(I can't go on)  
Runnin' thru runnin' thru  
I, I can't go on  
(I can't go on)  
Runnin' thru lovers  
I, I can't go on  
(I can't go on)

Don't wanna be somebody's in between  
'Cause I can't go on  
Being in love until you wanna leave  
'Cause I can't go on  
I can't go on

I, can't go on  
(I can't go on)  
Runnin' thru lovers  
I, I can't go on  
(I can't go on)  
Runnin' thru runnin' thru  
I, I can't go on  
(I can't go on)  
Runnin' thru lovers  
I, I can't go on  
(I can't go on)

(I can't go on)  
(I can't go on)  
(I can't go on)  
(I can't go on)
