

Wait

Sabrina Claudio

I'm trying, give me a second
I wanna take the time to do what's right
'Cause I can't rush decisions, give me a second

All of your pressure brings
Making me questions things, "Do I want ya?" "Do I need ya?"
I know what you're trying to hear
And I wanna say it to you but you need to

Wait, mmm, wait

I'm not ignoring your feelings
But right now it's just hard to put yours in front of mine
'Cause I've got my own reasons, give them a second

All of your pressure brings
Making me questions things, "Do I want ya?" "Do I need you?"
I know what you're trying to hear
And I wanna say it to you but you need to

Wait, mmm, wait

Stop go

Wait, mmm, wait
Wait, mmm, wait

Stop
