

# Colour Me

Sabrina

I've been walking this street  
A million miles  
Was the long cold winter  
Of my life

I've been riding alone  
A million miles  
Now the sound of your voice  
Is so close

Do you feel the same?  
I feel foolish  
'Cause my heart's beating faster  
Give me your hand  
Hold me now

Colour me now  
Colour me now  
Color me  
Color me now  
Color me now...

I see the light at the end  
A million miles  
Are you going to hurt me?  
This time round

Is it making sense?  
So foolish  
Now I know how to hold you  
Not gonna hurt you  
Trust me now

Colour me now  
Colour me now  
Color me  
Color me now  
Color me now...

You're a lucky man  
You got me  
You need my love  
I need you so

Colour me now  
Colour me now  
Color me  
Color me now  
Color me now
