

Domination

Sabrina

Now you can hear my voice
It's so trembling
I listen to what you say
I can't stop my heart
I get so afraid
Of my real emotions

I've been waiting for you
Paid a high price
Prisoner of my thoughts
But I'm still alive
Irrationality
Makes me feel more depression

Why your domination
It's so hard
Get up your depression
Why your domination
It's so hard

Hey man
Give it up now
Makes me feel so afraid
Makes me feel more depression

It's so hard for me
Hiding what I feel
You're afraid of love
You're a matter of *****
It's no fantasy
It's a circle combination
