

My Chico

Sabrina

You take me over, yeah
When you touch me
You make me shiver, you do
I'm your fantasy
You are my ecstasy
Come taste my love once again

You can make me hot
Won't you have a stop here with me
You can show me such
A feeling with your touch striking me

You make me feel in danger
No reason I can't believe
Oh Yeah... Yeah... Yeah

Where is my Chico
I need that Chico
I want that Chico for me
Chico
I want my chico
I love that Chico
I need that Chico for me

You can make me hot
Won't you have a stop here with me
You can show me such
A feeling with your touch striking me

You make me feel in danger
Madly in need
Oh Yeah... Yeah... Yeah

Where is my Chico
I need that Chico
I want that Chico for me
Chico
I want my chico
I love that Chico
I need that Chico for me

I love him
I love him
I love him
I really want that Chico
