Get up and play with me the game of provocation
Don't be late tonight 'cause the fun is guaranteed
You wanna try a more relaxing situation
get up and dance hypnotic music is on the beat

Don't be afraid it's alright, don't run away
Don't need to turn off the light, you got to stay
Don't be afraid I won't bite, don't run away
'Cause now I'm ready to play

You lightened up my dream, it's not imagination
Exciting feeling, no I never can deceive
We are moving in such a perfect synchopation
get up and dance hypnotic music is on the beat

Don't be afraid it's alright, don't run away
Don't need to turn off the light, you got to stay
Don't be afraid I won't bite, don't run away
'Cause now I'm ready to play
