

Vola

Sabrina

I love you
I know what to do
Don't think I'm a fool
'Cause I think you're cool
Play the game
You're going insane
You are about to break, so give it a shake

Bitter sweet, get up on your feet
Would you ride on me, brighten me on tonight
Feeling good, what I feel for you
Let it stand to this place we'll be kissed

Wake up and "vola"
Tonight I'm going right "ora"
Embrace "ti consola"
When you're out "ti innamora"
Wake up and "vola"
Forever be "vicino"
Believe in your "destino"
Don't lose time
In your English "bambino"
"Vola"
Tonight I'm going right "ora"
Embrace "ti consola"
When you're out "ti innamora"
Wake up and "vola"
Forever be "vicino"
Believe in your "destino"
Don't lose time
In your English "bambino"

Waiting all your life
But dreams don't come true
Then you realize to vie just to you
Fantasy is reality
Now it's heart to heart, the dark like the fear

Bitter sweet, get up on your feet
Would you ride on me, brighten me on tonight and

"Vola"
Tonight I'm going right "ora"
Embrace "ti consola"
When you're out "ti innamora"
Wake up and "vola"
Forever be "vicino"
Believe in your "destino"
Don't lose time
In your English "bambino"

Bitter sweet, get up on your feet
Would you ride on me, brighten me on tonight
Feeling good, what I feel for you
Let it stand to this place we'll be kissed

Wake up and "vola"

Tonight I'm going right "ora"
Embrace "ti consola"
When you're out "ti innamorata"
Wake up and "vola"
Forever be "vicino"
Believe in your "destino"
Don't lose time
In your English "bambino"
"Vola"
Tonight I'm going right "ora"
Embrace "ti consola"
When you're out "ti innamorata"
Wake up and "vola"
Forever be "vicino"
Believe in your "destino"
Don't lose time
In your English "bambino"
