What is this lie there is no truth There is no God there is no proof They say there is a higher being He was crucified, torn and bleeding

The Bible is a lie
I defy the lying priest
God doesn't control my life
I choose my own destiny
Religion is for the weak
Your soul will die forever
Get up off your knees
There's no God in heaven

What is God, imagination
A symbol of lies and frustration
Your saviour Jesus was lost
When he was nailed to the cross

The Bible is a lie
I defy the lying priest
God doesn't control my life
I choose my own destiny
Religion is for the weak
Your soul will die forever
Get up off your knees
There's no God in heaven

Screaming prophets
Screaming prophets control your mind
Fake messiah
Fake messiah bathed in lies
Devour Christians
Devour Christians see the light
Do not question
Do not question God is right

Millions of Christians accept in their heart Their saviour is Jesus have faith in the cross There is no truth to the holy cross But millions follow millions are lost

The Bible is a lie
I defy the lying priest
God doesn't control my life
I choose my own destiny
Religion is for the weak
Your soul will die forever
Get up off your knees
There's no God in heaven
