

Desolator

Sadus

Unleashed terror
Burning eyes
Fire feeds his mind
Abolishment
The destroyer
Waste lands left behind

Are you Satan?
Are you Man?
You changed the world
Since it began

Desolator

Born in hell
Raised to die
Stalks this fucking earth
Need to kill
Need to burn
Give no chance for rebirth

Are you Satan?
Are you Man?
You changed the world
Since it began

Desolator

Lucifer has decreed
The earth no longer free
By his hand will come the day
Death will show us mercy

Are you Satan?
Are you Man?
You changed the world
Since it began

Desolator

Damnation lives eternity
Glowing flame of fire
Hell's alive, world's ablaze
Existence now expired
Are you Satan?
Are you Man?
Who brought the end
To our land

Desolator
