Breathing Lessons

I know how to roll a seven & I know I've got a place in heaven But I'm in no hurry to go I know all the compromises & I've seen all the shapes & sizes But I never go with the flow [bridge] I think I need some breathing lessons Sometimes I go too far I know I need some breathing lessons Show me where to start I don't know how to change the weather But I've seen you in lace & leather & I keep that thought to myself I know how to live on credit Take a dive & never regret it So much for sharing the wealth [repeat bridge] [chorus] Breath in, Breath out you don't know how I need you right now Breath in - If I let go And breath out- Tell me you'll catch me I know that you will show me how I know how to lock & load it & I know how to crack and de-code it Call it my fortunate fame I know how to do what matters Shake the tree & how to climb the ladder I'm at the top of my game [repeat bridge] [repeat chorus]
