

Chances Are #1

Saga

Have you ever made a wish
And held your breath for days
And when you get that wish
You just can't seem to wish it away
Well chances are, it might come true
Have you ever found yourself

In a place you don't belong
And someone says, "Please Wait"
And you wanna say, "How Long?"
Chances are, it just might come true
Chances are, it just might come true
