

# Follow Me

Saga

Where were you  
When I lost all my confidence?  
I need you, I need you  
To remind me how life looks in the eyes of a child of ten  
Where were you?  
Where were you when life made no sense?  
I need you, I need you  
Help me return to that place again  
Follow me down the road  
Take my hand and don't let go  
Close your eyes and count to ten  
Round and round and back again  
Where were you?  
Where were you when I wasn't strong?  
I need you, I need you  
To make me believe in the magic of innocence  
Where were you  
When I felt like I don't belong  
I need you, I need you  
Tell me that I can still dream without consequence  
Follow me down the road  
Take my hand and don't let go  
Close your eyes and count to ten  
Round and round and back again  
Follow me down the road  
Take my hand and don't let go  
(Just close your eyes)  
Close your eyes and count to ten  
Round and round and back again  
Where were you?  
Where were you when I lost control?  
I need you, I need you  
Remind me that sometimes I'm lonely but never alone  
Where were you?  
Where were you when I sold my soul  
I need you, I need you  
To hold me so tight and never let go  
Follow me down the road  
Take my hand and don't let go  
Close your eyes and count to ten  
Round and round and back again  
(Follow me)  
Follow me down the road  
Take my hand and don't let go  
(Just close your eyes)  
Close your eyes and count to ten  
Round and round and back again  
How was I to know  
You'd be letting go?  
Follow me down the road  
Take my hand and don't let go  
(Just close your eyes)  
Close your eyes and count to ten  
Round and round and back again  
(Follow me)  
Follow me down the road  
Take my hand and don't let go

(Just close your eyes)  
Close your eyes and count to ten  
Round and round and back again  
(Follow me)  
Follow me down the road  
Take my hand and don't let go  
(Just close your eyes)  
Close your eyes and count to ten  
Round and round and back again  
(Follow me)  
Follow me down the road  
Take my hand and don't let go  
(Just close your eyes)  
Close your eyes and count to ten
