We'll Meet Again (Chapter 15)

Saga

```
Have you been listening?
We must have more supplies
We will be on our way tonight
Don't want to miss a thing
We've got to build it right
You know we're running out of time
What I do, I do for you
Chorus:
I can't tell you how, where or when
But I can tell you we'll meet again
I can't tell you how, where or when
But we all know this won't be the end
I would do anything
To bring it back to life
You'll see a new light in the sky
If I don't do a thing
I'll always wonder why
Why I just left them there to die
All I do, I do for you
Repeat Chorus
```
