

Welcome To The Zoo

Saga

Annie's got a thing about leather
Bobby's got a thing about lace
Maryanne's getting light as a feather
Just like the nose that
used to be on her face
Somebody tell me
what the hell is goin' on
Oh Please
Cause I've bin standing here
for way too long.
Welcome to our Zoo
Welcome to the Zoo
We saved a room for you.
Sally's got a ring in her naval
Larry's got a spoon up his nose
Peggy Sue likes to eat
when she's able
Just how she's able to,
God only knows
Billy's got a piece in his pocket
Suzy's got some rocks to grind
Johnny wants to shoot off his rocket
But everybody knows that
he's almost blind
Will someone tell me
what the hell is goin' on
Oh Please
Cause I've been standin' here
for way to long
Welcome to our Zoo
Welcome to the Zoo
We saved a room for you.
