

## Good Thing

Sage the Gemini

They be speaking on what they don't know  
Thye don't know because I keep it low  
When I go low she tell me "way to go"  
I make her act up, when I come back up  
She says her feelings too strong, make her wanna back up  
And I respond like "damn"  
Believe me when I tell you why I agree  
(Like damn) An hour later it was gon' be you or me  
(Like damn) Now I don't wanna let you go  
But there's something that you gotta know

This ain't nothing but dangerous  
We about to be over it  
Why can't it just be what it is  
Why can't it be what it is  
We're both getting emotional  
Same time getting so emotional  
Why can't it be what it is

I know you know we know  
We can make the good thing keep happening  
Good thing keep happening  
I know you know we know  
We can make the good thing keep happening  
Good thing keep happening

I ain't never felt the way you make me feel  
Continue so I know it's real  
Think about me like I know you will  
Fall for me, let it fall for me, give it all to me  
Stand in the middle of the floor, throw your broad to me  
This is real, yeah, this is real, let your guard down  
This is good shit, ain't no tiem to call it off now  
Now I don't wanna let you go, but there's something that you gotta know

This ain't nothing but dangerous  
We about to be over it  
Why can't it just be what it is  
Why can't it be what it is  
We're both getting emotional  
Same time getting so emotional  
Why can't it be what it is

I know you know we know  
We can make the good thing keep happening  
Good thing keep happening  
I know you know we know  
We can make the good thing keep happening  
Good thing keep happening
