Got a call on my cell phone  
Heard you in the 5-1-0  
Don't you got a party at the hotel?  
Me and my friends, we all wanna go  
Please keep quiet  
I don't wanna start a riot  
I understand you're excited  
Don't tell nobody

So you know that's fat  
I try to get the number, she like catch me outside  
I'm like "How 'bout dat"  
Party at the hotel  
Things seem to be goin' well  
Walking past money on the floor  
Please don't go

I know you want me, but you're indecisive  
Head in the clouds, you captain, I'll be pilot  
I know you want me, but you're indecisive  
Head in the clouds, you captain, I'll be pilot
