

Watchachacha

Sage the Gemini

Girl, you dance like you're bilingual
Little 'bout me, now I'm single
Really go and makin' that spot tingle
Girl, turn the heat up for me
You know you a real bad one, uno
Biggest booty in this club, kudos
Tell me when your crew about to leave, with you though
Girl, turn the heat up for me

Sixty-seven outside
It's got a switch to hit the low ride (hey)
So we can bounce until the sunrise (woah)
I wanna see your craziest side (hey)

Let me watchachacha
Let me watchachacha
Let me watchachacha
Watch you drop it down south for the bulla, baby
Let me watchachacha (bien aquí, bien aquí)
Let me watchachacha (come to me, come to me)
Let me watchachacha (let me see, let me see)
Watch you drop it down south for the bulla, baby

Watchu doin' after, let's all meet up
Let me get your number before I leave ya
Girl, you hot like July, I need ya
Girl, turn the heat up for me
Got me watchin' you like I'm watchin' cable
Get you to the room and you don't mind, girl Raina
Droppin' rose petals and lightin' candles
Girl, turn the heat up for me

Sixty-seven outside
It's got a switch to hit the low ride
So we can bounce until the sunrise
I wanna see your craziest side

Let me watchachacha
Let me watchachacha
Let me watchachacha
Watch you drop it down south for the bulla, baby
Let me watchachacha (bien aquí, bien aquí)
Let me watchachacha (come to me, come to me)
Let me watchachacha (let me see, let me see)
Watch you drop it down south for the bulla, baby

Bien aquí, por favor
Mi amor, dome peso, give me more, give me more, yeah (woah)
Your friend's knockin' at the window (at the window)
I say "Uno momento" (momento)
I can't fake it 'til I make it (no)
I got a room and the sign say vacant (yup)
If you give it to me, I'ma take it (yup)
Treat you like my fears, I'ma fact (hey)

Let me watchachacha
Let me watchachacha

Let me watchachacha
Watch you drop it down south for the bulla, baby

Watch you drop it down south for the bulla, baby
