Broken Man

Said the Whale

I've been wasting time waitin' for the lottery like
I've been patiently waitin' for my numbers to strike

If you wanna find a broken man
Find a man who hasn't worked a single day in his life
If you wanna find a sad man
Find a man who has it all but hasn't put in the time

I've been sittin' back waitin' for my dreams to come true
I've been sittin' back waitin' for someone just like you

If you wanna find a broken man
Find a man who hasn't worked a single day in his life
If you wanna find a sad man
Find a man who just refuses to put in any time
Time

I've been feeling older every day that passes me by
Everything is sore and I am wondering why

If you wanna find a broken man
Find a man who doesn't understand the beauty of age
If you wanna find a sad man
Find a man who's spendin' every minute countin' the days
Time
Time
Time
