

Love is Art / Sleep Through Fire

Said the Whale

She knows the secret
Of the way into a lover's heart
A simple kiss
And the breathlessness of the dark
A sweet caress
Two lips pressed together hard
It's simply bliss
But it's not the hard part

It's in the whispered words
That come out from the start
And define the fine lines
Between love and art
And in time you'll find
It's just a lover's art

I find my way
In the things you say to me
I find my heart
Wrapped up
And start shining to me
I lend my voice and words
I always speak, "I found the secret of the lover's heart"
And I do believe, I do believe
I believe, I do believe

The wind
Is a million miles an hour
Sleep on, sleep on

The sun
Setting us on fire
