

More Than Ever

Said the Whale

Take a little line
Take a little line, stretch it out
Take a little line
Take a little line, stretch it out
You were just a little line
Now you're just a little lion

How'd you make it feel like home?
How'd you make it feel like home?
How'd you make it feel like home?
You know you feel like home

I love you more than you'll ever know
I love you more than you'll ever know

Just a little bit of time
Take time to let it out
Just a little bit of time
You know me more than I know myself
And maybe in a while

Everything will feel like home
Everything will feel like home
Everything will feel like home
You know it feels like home

I feel complete, but I don't know yet
I feel complete, but I don't know yet
I feel complete, but I don't know yet
I don't know yet

I love you more than you'll ever know
I love you more than you'll ever know
I love you more than you'll ever know
I love you more than you'll ever know

I love you more than you'll ever know
