

## Sandy Bay Fishing Song

Said the Whale

Oh so many years ago when I was just a boy  
I believed in the sea and all her treasures to behold  
And the stories that my father told of lingcod five feet long

And so I would kiss my mother's cheek in the dark and out the door  
Well I'd make me way for ??? along a rocky shore  
??? and ocean's spray and the days were so long  
Up before the dawn again, the days were so long

I try my luck on Fodder's Rock, past the point of hope  
I trick and drift Eagle's Cliff in my little row boat  
With the current's will deciding the tide into the night  
I was rowing against the wind  
And the waves were so strong  
And that bay was so long

And the years passed by, but it has not been too long to remember  
And the years passed by, but it has not been too long to remember  
Woah -- remember

Rowing down Little Blue in a full moon's light  
Sandy Bay and her lemonade, high tide  
A little shiner in the deep, in the moonlight  
Up before the stars again, late after it's dark  
Preying on a ??? fish that 9 foot shark  
A little shiner on her side, in the moonlight  
Where them bottom-feeders feed there's no sleep tonight

And the years passed by, but it has not been too long to remember  
And the years passed by, but it has not been too long to remember  
No -- to remember

Rowing out in Little Blue in a full moon's light  
Sandy Bay and her lemonade, high tide  
Little shiner in the deep, in the moonlight  
Where them bottom-feeders feed there's no sleep tonight

And the years passed by, but it has not been too long to remember  
And the years passed by, but it has not been too long to remember  
Woah -- remember
