

Sweetheart

Said the Whale

Sweetheart, say nothing
It's just a photograph
My thoughts are gasoline
In my head
My heart gets blown wide open
When the rule's unspoken

Sweetheart, say something
Anything will do
My thoughts are on fire
For you
My heart beats on unbroken
When the rule's unspoken

And I was never afraid
Though I might be now

Sweetheart, say something
'Bout that dream you had
My thoughts are all
Evergreen in my head
My hearts breaks wide, wide open
When the rule's unspoken

And I was wearing your shame
Though I might feel dull
Now I've seen it from the inside out
Inside out
Inside out

Sweetheart, say something
Anything will do
My heart's on fire
My heart breaks wide open
When the rule's unspoken

Sweetheart, sweetheart
Sweetheart, sweetheart
Sweetheart, sweetheart
Sweetheart, sweetheart
Sweetheart, sweetheart
Sweetheart, sweetheart
Sweetheart, sweetheart
Sweetheart, sweetheart
Sweetheart, sweetheart
Sweetheart, sweetheart
Sweetheart, sweetheart
