```
Here she comes,
she's running over the hill
with her friend
in tow.
I know that it feels
that there's no-one else on earth.
Oh, heavenly days,
you and me.
Ooh...
Only love can mend a broken heart.
There's a place
that I've seen in my dreams,
I'd like to live there
by a golden sea.
The only sound
that I ever want to hear
is the sound
of her voice.
Here she comes,
she's running over the hill
with her friend
in tow.
Ooh... Only love can mend a broken heart.
Ooh... (only love,)
Only love can mend a broken heart.
Ooh... (only love,)
Only love can mend a broken heart.
Ooh... (only love,)
Only love can mend a broken heart.
```

Ooh... (only love.)
