

Underneath the Apple Tree

Saint Etienne

I can't wait to see
Just how long it takes to know you
Always young and free
Underneath the apple tree
Up the winding hill
Through the park I know so well
Always young and free
Underneath the apple tree

You disappear too soon
I wish you could've stayed for longer
Like the boy with the green eyes
I wish you could've stayed for longer

Far away from here
Tells a story I've forgotten
Always feel you near to me
Underneath the apple tree
Vision so clear
Her beauty's not forgotten
Always young and free
Underneath the apple tree

You disappear too soon
I wish you could've stayed for longer
Like the boy with the green eyes
I wish you could've stayed for longer
You disappear too soon
I wish you could've stayed for longer
Like the boy with the green eyes
I wish you could've stayed for longer
