

Come Back To You

Saint Raymond

You pull me in once again now
You've always got a hold on me
You take me in just to throw me out
You know it's only you I see

'Cause even with the lights down
I saw you running
With the lights out
I saw it coming

I don't know why
Forgive me now
I don't know what you want from me

'Cause my heart still dreams of you
Is there something I can do?
From the start I always knew
I'd come back, come back to you
I'd come back, come back to you
I'd come back, come back to you

I don't know why I'm here again
Feel your body next to mine
Sink back into our old ways
Pretending everything's alright

But I know with the lights down
I won't be running
With the lights out
Oh I know what's coming
I don't know why
forgive me now
I don't know what you want from me

'Cause my heart still dreams of you
Is there something I can do?
From the start I always knew
I'd come back, come back,
come back, come back to you

I'd come back, come back to you
I'd come back, come back to you

Hold on I'll be by your side
throw me a lifeline
If I'm wrong
I'll hold my hands up
all we can do is try

My heart still dreams of you
Is there something I can do?
From the start I always knew
I'd come back, come back
come back, come back to you

I'd come back, come back to you

I'd come back, come back to you

My heart still dreams of you
Is there something I can do?
From the start I always knew
I'd come back, come back to you
I'd come back, come back to you
