

Talk

Saint Raymond

My heads a little messed right now
As the sun creeps through my window
A blank piece of paper I can't seem to fill
Last night your face if looks could kill

Cos we regret things that we said
I can't shake the feeling that
That is over, that is over
Cos you keep getting in my head
Wish that I could just forget
That I held you and that I knew you

So if you love me let me go
I'm such a cliché, yeah I know
We don't have to talk about it
Cos I've been hurting way too long
Such a shame we got this wrong
We don't have to talk about it

My feet can't touch the ground right now
Cos I'm scared of what they'll do
I can't trust myself and you know it
You know I keep running back to you

Cos I got voices in my mind
Telling me that I'm not right
That it's over that it's over
Cos you keep haunting every step
That I take towards the edge
To forget you, to forget you

So if you love me let me go
I'm such a cliché, yeah I know
We don't have to talk about it
Cos I've been hurting way too long
Such a shame we got this wrong
We don't have to talk about it

We don't have to talk about it

I'm choking on these thoughts that provoke
In me something something that I can't see
Something lost with in me
I'm shaking these feelings I had for you fading
Fading like a memory
These moments only temporary

So if you love me let me go
I'm such a cliché, yeah I know
Cos I've been hurting way too long
Such a shame we got this wrong

So if you love me let me go
I'm such a cliché, yeah I know
We don't have to talk about it
Cos I've been hurting way too long
Such a shame we got this wrong

We don't have to talk about it

We don't have to talk about it

We don't have to talk about it
