Cathy: mario, forget about the tv.

Mario: what are you talking about? I got 50 dollars on this game.

Cathy: mario, this is more important than the game.

Mario: what? what? alright, whoa, who's home?

Cathy: there's nobody home right now.

Mario: oh, then so that's why you called me over here then...

Cathy: mario, that's how we got into this in the first place.

Mario: what are you talking about? what, what are you talking about?

Cathy: I went to the clinic today.

Mario: oh, what you got? a little cold? I know how to fix that.

Cathy: mario, I don't have a cold.

Mario: so..oh...oh, please, please, don't tell me you're pregnant. please do

Cathy: right now that would be easier to tell you than what I have to tell y

Mario: so then what are you talking about? you're talking in circles, cathy .

Cathy: mario, I got tested, and my test...my test results came up positive.

Mario: tests for what? postive for what? what are you talkin' about?

Cathy: I have hiv...

Mario: you...

Mario: oh...

Cathy: I have the virus, and I don't know what we're gonna do.

Mario: hold up, what "we're" gonna do?

Mario: what "we're" gonna do? what are you talking about? no, no, no...this can't... no, this is not happening to me...

Cathy: what are you talking about?

Mario: no, this... I mean, you might have hiv, I guess, but not me. no, I'm sorry, I'm straight.

Cathy: mario, what are you talking about? you know you're the only one I've been with.

Mario: that's not what I've heard.

Cathy: you know we didn't use protection!

Mario: oh, my goodness, that's not what I heard. my boys talk... they told me they seen you with all types of dudes, cathy. come on, now.

Cathy: your boys? you're gonna start listening to your boys at a time like this?

Cathy: mario, I thought you loved me! what are you... I can't believe this is coming from you!i thought...

Mario: hey, whoa...

Cathy: I thought I meant more to you than this!
