

Falling in Love

Sam Cooke

I'm falling in love with someone
Who's not falling in love with me
How can I escape this future
That holds nothing but misery?

I'm giving my all to someone
Who's not giving her own to me
If she only knew what she's doing to me
She would set my poor heart free

I know there's been many before me
Who've had a one sided love
But goodness knows a poor boy like me
Needs some help from above

So Lord, I'm falling in love with someone
Who's not falling in love with me
If she only cared just the, the very least bit
I'd be happy as a boy could be
Lord, I'd be happy as a boy could be
