

# Sad Mood

Sam Cooke

Ah ooo, ah ooo, ah ooo

I'm in a sad mood tonight  
Oh I'm in a sad mood  
I'm in a sad mood tonight

Oh my baby, done gone away an' left me  
My baby done gone, yea  
My baby done gone away an' left me  
My baby done gone

I don't know why she left me  
I don't know where she's gone  
But all I'd know is I'll never be happy  
Until my baby comes back home, yea because

I'm in a sad mood tonight  
Oh my baby done gone away an' left me  
My baby done gone

Oh I don't know why she left me  
But there's one thing I know  
I know that if my baby tells me she'll come back home  
I'll never never do it no more, yea because

I'm in a sad mood tonight  
An' oh I'm in a sad mood  
I'm in a sad mood tonight  
Oh my baby done gone away an' left me  
My baby done gone, yea  
My baby done gone away and left me  
An' my baby done gone

I'm in a sad mood tonight  
An oh I'm in a sad mood tonight  
She got me in a sad mood tonight  
An' with her gone I'm in a sad mood tonight  
Oh a ohh sad mood tonight
