

Don't Knock It

Sam & Dave

There are some many things to lead a man wrong
And he don't miss a good thing until it's gone
But I got a good thing, and I'm holdin' on
And if friends don't like it, they can leave us alone

If you don't like it, don't knock it, no no
If you don't like it, don't knock it
Uh!

I work all day, and stay home at night
Please laugh at me, and say my baby's too tight
Now if they got what I got to stay home for
A boat goin' dozin'-a, her out to door (Look)

If you don't like it, don't knock it, no no
If you don't like it, don't knock it, ha
If you don't like it, don't knock it, no no

I hear 'em say, that I'm too kind to you
And nothin' but a fool to do the things I do
Now I got something to do good things for
Oh, I got a girl, I'm in love with her

If you don't like it, don't knock it, no no (No no)
If you don't like it, don't knock it, no no, no

There are some many things to lead a man wrong
And he don't miss a good thing until it's gone
But I got a good thing, and I'm holdin' on (Ooh darlin')
And if friends don't like it, they can leave us alone
Say it!

If you don't like it, don't knock it, no no
If you don't like it, don't knock it (No no)
If you don't like it, don't knock it (Hoo wee, no no)
If you don't like it, don't knock it, (No, no, no, no, no, no)
