

Don't Make It So Hard On Me

Sam & Dave

Every time I see you
I get choked up inside
I can't control my eagerness
'Cause my love for you is running wild
I can't think no other way, baby
That's the price I've got to pay

Don't make it so hard on me, baby
Don't make it so hard on me, baby

Every time I want you
I have to tie my hands down
I try to be a gentleman, mamma
But I'm tellin' ya don't run this thing in the ground
It's high time you made up your mind
A good love like yours is so hard to find

Don't make it so hard on me, baby
Don't make it so hard on me, baby

Every time I want you
I have to tie my hands down
I told you I was gonna be a gentleman
But now I'm tryin' to tellin' ya don't run it in the ground
It's time you made up your doggone mind
A good love like yours is so hard to find

Don't make it so hard on me, baby
Don't make it so hard on me, baby
