

# Don't Waste That Love

Sam & Dave

Hey come on baby  
Why don't you give your love to me  
Because I really need it  
You been giving it to him so long  
But he don't wanna keep it

Baby baby don't waste that love on him  
'Cause I wanna use it, I won't abuse it  
Just like you been following  
I been following you  
So many times he left you crying  
I was crying too yeah  
Baby baby don't waste that love on him  
'Cause I wanna use it, I won't abuse it

You been promised one thing  
Oh, but you got something else  
But I'll take care of your love  
I can speak for myself  
So don't waste it, don't waste it  
Don't waste that love on him  
'Cause I wanna use it, I won't abuse it  
Don't waste it, don't waste that love  
Don't waste, don't waste that love  
I got something for you  
And I wanna tell you one more time  
Don't waste, don't waste that love
