

Just Me

Sam & Dave

Come on in loneliness
My door is open
Why don't you sit in that empty chair?
And let Sammy tell you what happened
'Cause there's nobody
Nobody here
Just me

She left before I woke up
To read my morning paper
But I found a note in my house
Said "I'm goin' away"
But, babe I'm gonna miss you
'Cause there's nobody
Nobody here
Just me

There's nobody
Nobody here
Just me

I miss the way
She gave her love to me
So understanding
I never never never worked hard enough [?]
There's nobody
Nobody here
Just me
Just me
Just me
Come on in loneliness
Ain't nobody here
Just me
How I need somebody
I'm all alone
So come on in
