

Don't Do Anything

Sam Phillips

I, I love you
When you don't
When you don't do anything
When you're useless
I love you more
When you don't do anything

When you don't move, when you don't try
When you don't say anything
When you don't move, when you don't win
When you don't make anything look

I, I love you
When you don't
When you don't do anything
When you don't want, when you don't lie
When you don't make any sense
When you don't go, when you don't hide
When you don't think anything

I, I love you
When you don't
When you don't do anything
When you're useless
I love you more
When you don't do anything
