Samael

Let me grow, let me flow..
Let me grow in your heart, in your mind, in your soul
Anywhere, anytime, anyhow
When you want, when you need, when you know
I will be there for you
I will be there with you

The sea is navigable,
The sky has no limits
For those who are able
To understand what does fit
To the world they're heading for,
To the life they're looking for
Let me take you on board,
Let me sail you to the shore

"To choose is sometimes to lose", they say
To lose what you haven't chosen, but yes
I confess: I want you all

Welcome, onboard guide you on both sides
Lighthouse in the fog, I show you where you stand

Catch my aim from below
Lose control, let you drown
Catch my aim from below
Lose control, let you drown (3x)
Catch me.

Wanna have sun in the winter,
Wanna have snow in the summer,
Wanna feel always better,
Wanna come a bit closer

We get on the top and we keep being more than we ever expected to be
Yes, that's exactly what I meant
Yes, that's exactly how I went
Aproche...

The sea is navigable,
The sky has no limits
For those who are able
To understand what does fit
To the world they're heading for,
To the life they're looking for
Let me take you on board,
Let me sail you to the shore
